

# VINCE AND CORALIE ... EMBRACING LIFE'S JOURNEY

AUGUST 1, 2009 / ISSUE# 1

Vince and Coralie Mandin would like to personally thank you for subscribing, to our real estate investing newsletter. The newsletter was created for educational purposes

and to stay connected with others. Feedback / comments, and suggestions regarding future topics of interests are encouraged and greatly appreciated.

We have two wonderful children, Jake is eighteen years old and Paige is eight years old. In June 2009 Jake graduated from high school. The momentous occasion was celebrated with family and close friends. Proudly, we are encouraging Jake's journey into Jr. A hockey. Our daughter Paige is a very joyous girl, brightening each day with her presence. She will be attending third grade in the fall. We encourage our children to be positive and never give up. While obstacles may appear, they are merely stepping stones in life.

## OUR JOURNEY

Our vision has always been to create more family time, beginning with the incorporation of Xtreme Services in 1998. The company expanded to include; landscaping, décor planting, snow removal, and corporate Christmas tree décor. Resulting in positive connections in business and personally.

In January 2006, our financial education journey was awakened when Mark Walker insisted that we read *Rich Dad Poor Dad*, by Robert T. Kiyosaki. Thank you Mark, this book has truly changed our lives. Rich Dad initiated our path of financial education supplemented by additional books, educational CD's and attending seminars from Edmonton, Alberta, to Scottsdale, Arizona. We met many wonderful like minded people who share a common interest in the investment world.

We believe that one advantage we have to offer is the ability to work together, as one. This is one area that we feel exceptional. We are partners...we are a team. It is for this reason that we decided to brand...us!

## BRAND / BRANDING

By simple definition, "A brand is a name or trademark connected with a product or producer." Branding is an essential aspect of every business. Many wonderful resources are available regarding brand names, trademarks, symbols and individual branding. The brand signifies specific qualities or characteristics with regards to the product.

We are the brand and we are committed to our mission to provide a foundation of financial education to our investors and joint venture partners. Through education we are able to stop the cycle of working hard for money, instead have money working hard for us.

We are confident, enthusiastic and able to work efficiently and effectively along side one another.

A special thank you, goes out to everyone for your assistance and encouragement, with our first ever newsletter edition.
